Forecast for Saturday 01 Apr 2023

Weather: Cloudy overnight with spells of rain, heavy at times. The rain will die out during the morning then mostly dry and bright in the afternoon but some very isolated, brief showers are possible. Cloud and patchy light rain or drizzle returning again late in the evening.

Chance of cloud-free hill tops above 600m: 10% becoming 70% by afternoon, becoming 20% during late evening.

Low cloud and visibility: Poor at first in rain with extensive cloud and fog above 500m but improving through the morning as cloud slowly lifts. Mainly good visibility in the afternoon, perhaps briefly poor in any showers, then low cloud becoming extensive again above 700m late in the evening.
